2. eWarranty

Mercedes-Benz eSprinter Vans are warranted against manufacturing defects and faulty workmanship for two years from date of sale to the customer or first date of registration (please confirm with your Mercedes-Benz dealership or the CAC if you are uncertain about this date) regardless of distance covered, if not in breach of any exclusions covered in this booklet.

Mercedes-Benz South Africa Ltd. reserves the right in its sole and absolute discretion to repair or replace such parts that it acknowledges to be defective. Title to parts/units replaced and recognized as defective passes over to Mercedes-Benz South Africa Ltd., this applies to all warranty repairs,

insofar as the cost have been accepted by Mercedes-Benz South Africa Ltd as a whole.

Mercedes-Benz genuine parts fitted by a Mercedes-Benz approved dealer for in-warranty repairs, are warranted only for the unexpired term of the vehicle's warranty (i.e. the balance of the two years of the vehicle's warranty period). Parts subjected to any external damage & friction and parts subjected to wear and tear are not warranty claimable.

2.1. eWarranty Principles

The warranty and any liability of Mercedes-Benz South Africa Ltd. is, subject to an assessment to prove consequential damage, guided by the following principles:

- 2.1.1. Vehicles are to be serviced strictly according to the owner's manual maintenance schedule as per manufacturer's guidelines, unless the vehicle is fitted with an on-board computer equipped for maintenance and car-care service indicators (ASSYST and ASSYST PLUS). Where vehicles over the recommended maintenance schedule are equipped with service indicators, the indicators shall take precedence.
- 2.1.2. As the operator of the vehicle, it is strongly advised for you to adhere to the service intervals as to referred to in the owner's manual.
 - 2.1.2.1. Non-adherence to the service requirements as prescribed (which are model specific), may jeopardise the warranty, negatively impact on the medium to long-term durability, safe optimum operation of the vehicle and ultimate re-sale value. Consequently, warranty claims on vehicles with service interval under or over-runs will be entertained on a merit basis, subject to an assessment to determine consequential damage.

- 2.1.2.2. Each Mercedes-Benz vehicle needs to be serviced as in accordance with the warranty terms and conditions, by time/distance limits. We recommend that the prescribed vehicle maintenance needs to be carried out within 1 500km /15 days either way of the prescribed time or distance, whichever event occurs first.
- 2.1.2.3. Important note: If your vehicle stands, or is unused for an extended period of time, the prescribed time period service and battery health check still remain applicable. (Including vehicles equipped with service indicators). Where batteries are disconnected or discharged, the service indicator will no longer operate correctly, therefore needs to be serviced at least once every 12 months.
- 2.1.2.4. Where an electronic service indicator is fitted to the vehicle, the indicator needs to be reset at the time of service, in order to indicate the next due service. As proof that either a Mercedes-Benz dealer or an Independent Service Provider, conducted the prescribed service requirements, the certificates contained in this service booklet, must be duly completed, endorsed and stamped by the dealer or ISP.
